Re: Student Awards

Champlain E P&C Inc. (CEPC) is pleased to offer student awards to Indigenous students attending community colleges and universities in Ontario or Quebec.

We are a company specialised in the design and supply of Electrical systems, Protection & Controls for hydropower generating stations. We are particularly active in Ontario, with participation in many projects located in the Ottawa River area.

Our student awards program helps students to obtain the education they need to build a rewarding career. The program highlights our commitment to youth and education by offering financial assistance to students.

- Two annual awards, valued at 2,500\$ each are offered to qualified First Nations (status or non-status), Inuit or Métis students currently enrolled full-time in a program.

Applicants must submit an information package to the Algonquins of Greater Golden Lake First Nation including:

- A letter highlighting their qualifications/interest in the CEPC student Award;
- A copy of nominee's most recent official transcript; and
- A copy of nominee's current resume listing work, volunteer and extra-curricular activities (full-time and part-time).

The award recipients are nominated by a committee formed by the Algonquins of Greater Golden Lake First Nation and CEPC.

Following acceptance of the nominee(s), the Committee provides a letter of congratulations to each award recipient along with the accompanying award cheque to be presented to the recipient(s) at the community office.

A handwritten signature in black ink, appearing to read "Christian Roy", is positioned above the printed name.

Christian Roy,
President
